TWENTY ENTER TENNIS GAME

Twenty entries have been received for the Red Cross tennis tournament to be played at the country club court next Saturday. Included in the list are a number of the best players in the entire Salt River valley and it is expected that the matches will be well worth the time spent by enthusiasts who plan on witnessing the events.

Chester Goldberg and Paul Bennett, who will probably compose one of the doubles teams, are accredited with being perhaps the most formidable contenders for honors in the title, while William Scarlett and Mr. Tilton are also expected to make a bid for honors.

Entries for the doubles will close this evening and for the singles tomorrow. Five o'clock is the deadline for entries. Applicants are requested by those in charge to leave their names with I. de R. Miller at the Arizona club.

Following is a list of those who will take part in the title:

Chester Goldberg, Edward Marshall, Paul Bennett, William Scarlett, I. de R. Miller, Logan Elsie, E. R. Parsons, Wylie Bent, R. S. Goodrich, R. E. Moore, Arthur Hahn, Dwight B. Heard, Roland Parsons and Messrs. Lawton, Metzger, Johnson, Abbott, Condit, Morey and Cowell.

Wylie Bent who won honors both at the University of Wisconsin and at Stanford University, is expected to show a lot of class in the singles.

CAN'T DECIDE PLACE OF GAME

Whether the game between San Diego and Phoenix high schools will be played here or on the coast on New Year's day is still a matter of conjecture, no definite arrangements having been made between the two teams.

If the game is played in Phoenix it will be turned into a great benefit affair and the proceeds will be split between the Red Cross, the Associated Charities and the "Y" war work fund, exclusive of the amount which must be paid for the expenses of the visiting team. This was decided upon at a meeting called night before last by Captain Wilky of the football team. Talks were made by Coach Geary and Albert Finney.

Practice will start at once and the team will round itself into first class condition for the big game with daily workouts on the local gridiron.

The high school boys have been assured of the support of several local organizations, besides the student body, and it is expected that the importance of the game will result in the assembling of one of the biggest crowds in the history of local football.

COYOTE TEAM IS PROMISING

There are two good reasons why the Coyote basketball team this year is likely to maintain a higher standard than in previous years. In the first place the team have just completed an entirely successful football season, and flushed with their recent victories they simply have the habit of keeping in trim and will continue to do until the end of the basketball season. The second reason is that most of the football talent is versatile enough to be unusually good in the court pastime and is especially anxious to keep the school in high standing in lesser sports after wiping the slate clean in the gridiron division.

Professor Carpenter of the faculty, has been given the job of whipping the team into shape. For three years, Prof. Carpenter has performed this function very satisfactorily and it is expected that his coaching will again manifest itself as a material part of the promised success of the team this year. Prior to his acceptance of the position of biology instructor at the high school, Mr. Carpenter was a university basketball star. He is a strong exponent of the game and his enthusiasm is accredited as the source of his unprecedented success as a coach.

At least new uniforms are to be furnished for the boys this year by the athletic association of the school. The contrast with previous years, when the boys forced forth attired in ragged outfits, ought to be gratifying to the eye of the basketball fan. Suits will be furnished by the boys until after the first game when the new suits will be distributed after the team has been finally elected.

The faculty and the high school team will furnish the first game of the season on December 12. Both teams have a comparatively short time to get into condition but vigorous training has already been started and the lads will round into very fair shape if their good work is continued until the eve of the battle.

The game will be staged at the armory. There is always a great deal of interest in the games between the faculty and the students and it is expected that the student body will turn out in full force to attend.

INDIANS WILL PLAY WINSLOW

Winslow high school and the Indian school boys will meet in a basketball game at the armory next Saturday evening at 8 o'clock. Arrangements for the game were completed last evening when Coach Vene of the Indian school received a telegram that all was satisfactory to the Winslow five.

With a number of last year's stars available, Coach Vene promises he will have a team entirely capable of putting its abilities against the formidable Winslow aggregation. Tailor, Butler, Lee, Black and Cleveland will go a long way toward making a pretty good basketball team themselves.

Captain Osborne of the high school will referee the game.

PROGRAM IS TO BE INTERESTING

The Christian Women's Missionary society will meet this afternoon at 2:30 o'clock in the Central school building. Those in charge urge all members to be present. Mrs. J. D. Halstead is hostess of the social hour.

The following program will be given: Devotion—Mrs. P. D. Shaeffer, leader. Topic—"The White Man in Africa."—Mrs. K. C. Spaulding. Vocal—selected. Mrs. C. C. Orr. Field Sports, China. Mrs. C. A. Orr. Mexico. Mrs. A. H. Limebarger. A Christmas Story. Mrs. W. S. Buchanan.

FINANCES AND MARKETS

NEW YORK, Dec. 5.—Second only in importance today to the president's stirring address to congress yesterday and even more potent as a market stimulant, was the report submitted to that body today by the interstate commerce commission bearing vitally upon the future of the railroads of the country.

It is yet too early to forecast even to an approximate degree the effect of the commerce commission's recommendations, but the course of the stock market following the publication of the report, left no doubt of its immediate significance.

The first intimation of the proposed suspension of the Sherman law resulted in a rebound in which prices were carried two, and in some cases almost five points above lowest levels. Industrials and the entire war list as well as shippings, coppers and specialties, shared in the advance.

United States Steel rallied from its low of 86 1/2 to 89 1/2, with corresponding gains elsewhere. Total sales, \$80,000 shares.

Bonds were heavy for a time, but strengthened with stock list. Liberty bonds ruled at 97.50 to 97.62 and the 3 1/2's 98.50 to 98.72. Total sales, par value, amounted to \$15,500,000.

United States Bonds, old issues, were unchanged on call, coupon fours losing 1/4 of 1 percent on sales.

ARIZONA COTTON

Quotations furnished each business day by the Tempe Cotton Exchange. The quotations yesterday were: Pima extra No. 1 staple 76c. Yuma, Sacaton staple 71c. Two halves of Pima were sold yesterday, but none of Yuma.

COTTON

NEW YORK, Dec. 5.—The cotton market today closed steady at a net gain of five to fourteen points. New York, Dec. 5.—Cotton futures closed steady; December, \$29.01; January, \$28.45; March, \$28.15; May, \$27.87; July, \$27.59.

GRAIN

CHICAGO, Dec. 5.—Corn advanced in price today, owing more or less to persistent smallness of receipts despite announcements of a better supply of railway cars. The market closed firm 1/2 to 1c net higher with January \$1.21 1/2 and May \$1.19 1/2 to \$1.19 1/2. Oats gained 1/4 to 1 1/2c and provisions 1/2 to 1 1/2c.

Although a slight tendency to sag was noticeable at the outset in the corn market, prospects of new price fixing legislation appeared to have less force as an element of depression. Unfulfillment of hopes that arrivals would materially increase led to a hardening of values and there was a further display of bullish sentiment.

Chicago's corn market is a record for the season. The scarcity of corn available for immediate delivery was emphasized by an advance of five cents to ten cents being quoted for new crop supplies.

Bulges in the price of oats resulted chiefly from the fact that stocks here were meager and receipts disappointing. Buying attributed to packers hoisted provisions to the maximum of the day's limit. Offerings were scarce. Hog receipts compared unfavorably with last year.

Close: Corn: Jan. \$1.21 1/2; May \$1.19 1/2. Oats: Dec. \$1.07 1/2; May 75c. Pork: Jan. \$24.25. Lard: Jan. \$24.52; May \$24.27. Ribs: Jan. \$25.37; May \$25.35.

SIMS ELY JR. JOINS COLORS

Washington advices report the appointment of Sims Ely, Jr., to a "field clerkship" with General Pershing's army in France. Somewhat more than a week ago he received from the war department a telegraphic offer of the appointment. The Valley bank, which on all occasions has shown a patriotic desire to help the government at once granted to the young man a leave of absence, good for the war, from his position as one of its assistant cashiers, and telegraphing his acceptance of the foreign position, he left immediately for Washington, accompanied by Mrs. Sims Ely, Jr. The formal appointment was made Saturday.

The young couple will visit with Miss Helen Ely, in New York, until he gets his sailing orders. Mrs. Ely will return to Phoenix after the holidays.

"Field clerkships" are among the many features of modern war. The making of war has become a vast business undertaking, and in their business establishments connected with the armies the governments involved seek to secure the services of men who are specially trained. When General Pershing had surveyed the field in France and had sized up the work ahead of him, he called to the war department a request for 150 young men, of special training, for positions. As rapidly as possible, his request was filled with 150 men, soon sent that the 150 men first suggested would fall far short of the number needed in handling the business end of a great army, and the number was materially increased.

Phoenix now has three bright young men in the ranks of foreign field clerks—Leon S. Jacobs, Melville Pickas and Sims Ely, Jr.—an unusual honor for a single community, but it happens that Phoenix had the young men of talent, especially qualified, and that was the fact that interested Uncle Sam.

Field clerks are given the status of officers, from the start; and it is understood that congress at this session will authorize the war department to commission them as regular officers of the army.

STOCK LETTER

By R. Allyn Lewis

The recommendation by the Interstate Commerce Commission that the government take over the railroads, was the greatest surprise the Street has seen in years. It is thoroughly understood just what this means, no one can form an intelligent opinion. In England the railroads were taken over and their previous dividends were guaranteed. Here such an act might prove very costly, if the government should guarantee the dividends of roads because they used to earn them, there would be the same reason for guaranteeing the dividends to roads which did not formerly earn them but which earn them today. While uncertainty exists such as we have now, we are going to have a very feverish market. The war has been going on for 14 months, heavily, for the amount of stocks carried in the street is small, the afternoon rise showed this. It was the stocks with the short interest which advanced, the move without it had small recoveries. The market is showing a backbone which is very encouraging.

A remarkable change in sentiment swept over the market in the last hour when the intent of the Interstate Commerce Commission was better understood. The thought in Wall Street was that liquidation of railroad securities would be stopped under the new order.
